

OUR HISTORY

More than 100 years ago the National Catholic Church was organized by a group of people dedicated to the Catholic faith with a democratic form of church governance. Through the years, the principles that caused our Church to come into being have been followed and strengthened. Today our parish and the National Catholic Church meet the spiritual needs of a diverse ethnic population. The Mass, homily and services are celebrated in English and Polish.

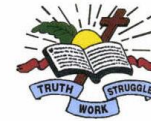

Our parish has been serving the needs of the Central New Jersey Communities since the 1930's.
